Dear Mr. Eisenbach:

The Los Angeles District, U. S. Army Corps Engineers (Corps) has evaluated your request to film in a feature of the Los Angeles County Drainage Area (LACDA), commonly referred to as the Los Angeles River (the River). Subject to the conditions as stated in Exhibit A, we express no objection to the activities proposed in your request, which shall be performed on August 17, 2014, at the River near/under the 6th Street bridge/tunnel and between 1st and 7th streets, as long as the activity does not damage the structural and/or functional integrity of the Los Angeles River Channel, nor interfere with operation and maintenance actions undertaken by the Corps and the County of Los Angeles. If the filming activity results in any damage to the constructed channel, the Corps would require that you promptly repair it or pay for the repair of any damages you may cause, to a condition satisfactory to the District Engineer.

You are advised that entry into the River is neither suggested nor encouraged by the Corps and we are not responsible for any scheduling conflicts. Entry into the River is at your own risk subject to the laws, regulations, or policies of any agency having jurisdiction over activities that take place in the River. Should you decide to use the River for filming, the United States is not responsible for damages to property or injuries to person which may arise from or be incident to the exercise of said use, or for damages to the property or injuries to you or to your agents, servants, or employees or others who may be in or on the river by your invitation. All State and local regulations pertaining to alcoholic beverages apply in the Los Angeles River. The United States further advises you that additional permissions from the fee owner, the city, state, or county, may be required. Please consult with Film L.A. which is responsible for film permit coordination at the Los Angeles River.

If you have any questions please contact Jerry Rollins at (213) 452-3146 or email at jerry.w.rollins@usace.army.mil or John Sunshine (213) 452-3132 or email at john.w.sunshine@usace.army.mil.

Sincerely,

Karen M. Kennedy

SITE SPECIFIC CONDITIONS FOR FILMING AT THE LOS ANGELES RIVER

1. All areas are to be cleaned and garbage properly disposed of off-site at the completion of filming, including all props, paint, and paint cans, etc. Remove skid marks from concrete surfaces. Any damage to property of the channel or property of the Government must be promptly repaired.

2. Unless submitted with the filming Application and reviewed with no objection by the Corps, no major equipment, stunts, pyrotechnics, weapons, firearms, fire, special effects, or animals are allowed.

3. Unless a Safety Officer is present, personnel must stay out of the water areas especially the low flow area and soft bottoms. Guidelines of the Clean Water Act and the Migratory and Endangered Bird Species Act covering the riparian areas of the channel must be followed.

4. There are to be no destructive acts to any structure within the channel such as bolts, screws, anchors in the channel floors, walls, or piers, etc.

5. No vehicle crashes that would introduce any fluids into the water ways are allowed.

6. Emergency crews should stand-by as applicable, and crews should have a spill response capability.

7. All stage materials, models, shooting equipment, mock ups etc. should be removed when the filming activity is finished.

8. Sanitary facilities shall not be provided in the River.

9. Any graffiti introduced needs to be covered before leaving using Corps standard paint. This formula for "Brickface" is from Sherwin Williams Paint Stores:

10. There will be no blocking of access roads or entry points into or through the channel.

11. This is bird nesting season. Most areas may require screening by an ecologist prior to an event to ensure riparian area is not disturbed. Also, there may be an endangered bird species in several areas called the Least Bell Vireo.

12. Importing any fill (dirt, sand, rock, and/or soil) may require a Section 404 permit under the Clean Water Act, 33 U.S.C. 1344, prior to filming. Conditions of any necessary permit required for the requested activity are the Grantee's responsibility.

13. Vehicle repair, refueling, storing gasoline or other flammable vehicle fluids are prohibited in the River.

14. Alterations to any concrete structure in or in the vicinity of the River, including but not limited to levee walls, are prohibited (i.e. driving nails or screws). Sandblasting is not allowed.

15. Do not drive faster than is prudent for the conditions of the River surface.

16. No substance of any kind shall be placed in the River unless approved by Corps personnel. Any permitted materials or substances must be removed at the conclusion of all activities and the River returned to its prior existing condition.

17. Confirmation of a clear forecast (no rain) is required for any filming which occurs from October 15th- April 15th. (No local rain predicted in the 5 days preceding the first activity day and each day thereafter, .according to the Regional National Weather Service).

18. The Grantee shall take steps to avoid degrading the water quality of the Los Angeles River.

19. Painting out graffiti is allowed with water-based paint.

20. Do not paint over any flood control signs, markers, or indicators.

21. The Grantee shall take steps to avoid generating wind-blown debris.

22. Vehicles transporting any flammable, explosive, or corrosive substances, including hazardous waste, hazardous materials or "placarded loads" are not allowed the River.

23. Camping is prohibited.

24. Items, equipment, vehicles etc. may not be left unattended or overnight in the River.

NOT A PERMIT

25. You do not have permission to enter or cross the "low-flow" channel in the middle of the River.

26. Vehicles must remain on publicly accessible roads and thoroughfares. Driving outside of permitted areas is prohibited in the vicinity of the River.

27. If sandbags are used only cloth sandbags are allowed (not plastic). All sandbags and contents must be removed when filming concludes

28. Do not encourage spectators to enter the film location.

29. The 6th street entrance is owned in fee and controlled by the City of Los Angeles. Permits need to come from Film L.A., Inc. This particular area of the channel has many concrete surface hazards. The film crew should walk the area thoroughly prior to the start of the film shoot.

Special Additional Conditions Corps Safety Office:

A. On the issue of traction, please consider the surface wetness, algae build up, or old dried paint which may cause loss or instability when in contact with the tires. You may need to sweep or dry the surface prior to driving on it.

B. Emergency Personnel are required to be on site for quick response in case of an accident.

C. Removal of any of your trash/debris during and after film shoot.
